10 Minute Student Survey

Please email this completed survey to bany@student.unsw.edu.au - Thanks!

Were the topics covered in the photovoltaics subject area interesting and relevant to you in an engineering context?

Was the course too difficult or perhaps, too easy?

Was there any part of the course that seemed unclear or confusing? Please list them.

What did you like & what did you dislike about the course?

Is there anything else about photovoltaics that you would liked to have learnt?
